

This year I will be using a class management site called ClassDojo. ClassDojo tracks student behavior through the use of positive and/or negative points. Students earn points through positive behavior but can also lose points based on behavioral problems. Parents can easily access the site online or through the free app, and monitor their student's behavior.

This year I will be using ClassDojo for not only behavior, but as a communication link with parents. I will post newsletters, reminders, pictures, and instant messages through ClassDojo.

**How to log in:**

- [www.classdojo.com/parent](http://www.classdojo.com/parent)
- Enter your parent code
- Enter your name, email, and create a password

I truly believe ClassDojo will be a positive asset to my classroom and I can't wait for parents and students to get connected!
